### Worms Make Children Peevish.

Some symptoms of worms are: Deranged stomach, swollen upper lip, sour tongue, offensive breath, hard and full belly, with occasional gripings and pains about the navel, pale face, leaden tint of eyes, heavy and full eyelids, itching of the nose, itching of the rectum, short, dry cough, grinding of the teeth, little red points sticking out on tongue, start of child in sleep, slow development. If you have the least suspicion that your child is troubled with stomach worms or pinworms, don't hesitate—get a bottle of Dr. Truett's Elixir. This remedy has been on the market since 1860. Your child will be on the way to good health by using Dr. Truett's Elixir. The Family Laxative and Worm Expeller. Good for adults also. At all dealers, 35c, 50c and \$1.00. Advice free.

### SOUTH HIRAM

Emily Gould of Cornish was calling on friends here, Friday. Mrs. Abbie Stanley and Mrs. Mable Stanley spent Friday afternoon with Mrs. Georgia Gould. Neola Council, No. 14, D. of P., held its regular meeting Wednesday evening and conferred the degree of Adoption on one pale face.

Mrs. Bertha Durgin was the guest of Albra Fox, Friday. Thursday, Mrs. Abbie and Mable Stanley spent the day with the John Clarks in Cornish.

Fred Whitton has moved his family into the Seavey house so called.

John Spring and two daughters, Irma and Vera, and Mrs. Bertha Gilpatrick motored to Portland, Thursday.

Mr. and Mrs. Phil Durgin went to Brownfield, Tuesday night, to attend a meeting of Pearl Rebekah Lodge.

Mrs. Nettie Gilpatrick and Lizzie Edgcomb with James Wiggins motored to Portland, Friday.

Mrs. Abbie Stanley and Mable Stanley visited Ellen Page of Cornish, Tuesday.

Mrs. Arthur Stanley and family of Cumberland motored through this place one day last week and called on his sister, Mrs. Charles Trueworthy, and other friends.

Mrs. Ivory Mason of Conway, N. H., visited friends here, Tuesday.

Mrs. John Spring is sick with the chicken pox.

Mrs. Ellen Page of Cornish visited her sister, Mrs. Ben Gilpatrick, a few days last week.

### OXFORD.

Mrs. Amos Edwards is at home after spending a month in Dixfield.

H. S. Denning, who has been at work in Farmington, N. H., for several weeks, spent Sunday at his home here.

William Burns spent several days with her mother, Mrs. H. S. Denning, recently.

Marion Fuller, Moulton Pettie and Carl Lamb, who have been absent from school on account of measles, have returned to school.

Wilfred Perkins and family were in Casco, Sunday.

Morris Clark has recently bought a horse and is planning to bring spring water into the village to those who have well that are dry.

David H. Millet, who for many years lived in the southern part of the town, died at his home here, Saturday morning, 2 p. m., Tuesday.

Mr. Millet leaves besides his wife, who was Caroline Crocker of this town, three sons, Elmer J., and Walter C. of Mechanic Falls, and Quincy D. of Oxford; five daughters, Mrs. William French, who has cared for her parents faithfully for several years; Emma, wife of Newell Foster of Mechanic Falls; Nellie J., wife of Alvin Marr of Oxford; Ada F., wife of George Keene of Poland, and Virginia, wife of Scott Brackett of New Gloucester.

Mr. Millet has been always a kind and obliging neighbor and will be missed by his neighbors and friends as well as by his family. Mr. Millet died very suddenly. He had been out of health but was around as usual. He was eighty-three years old. He was a farmer and had always lived in Oxford, but left his farm and moved into the village about a year ago. The funeral was held at the house at 2 p. m., Tuesday.

Mrs. Mary Burns, Department Inspector, met at the T. A. Roberts W. R. C. meeting of the T. A. Roberts W. R. C. Nov. 7th, and inspected the Corps. She expressed herself well pleased with the work. Twelve of the Veterans of W. A. Roberts Post came and witnessed the inspection. After the service of inspection was through, a nice lunch was served of sandwiches, cake and coffee. A very pleasant time was enjoyed by all.

The ladies of the M. E. Circle serve a chicken pie supper in the vestry, Wednesday, Nov. 18, from 6.30 to 8 o'clock.

Mrs. Nellie Goodhall visited her sister, Mrs. C. T. Wardwell, last week.

A. J. Holden was in Norway, Thursday of last week.

### ALBANY.

### Use Cottonseed Oil.

American Housewives urged to Become Better Acquainted With the Merits of the American Product. The European war, according to specialists in the United States Department of Agriculture, affords the American housewife an excellent opportunity to become better acquainted with a very useful native product which has hitherto suffered somewhat from a popular prejudice. By using cottonseed instead of olive oil Americans can not only save themselves money, but can benefit themselves by the use of a food which is not yet thoroughly appreciated in this country. The remainder is in the form of oils and fats used for cooking and domestic purposes. The latter class of products must now, to a great extent at least, be consumed in this country or not at all.

Hitherto there has been a widespread belief that cottonseed oil was used chiefly for counterfeiting or imitating olive oil. This has unquestionably resulted in a prejudice which has done much to prevent cottonseed oil from being judged on its own merits. As a matter of fact, it is fully as nutritious as olive oil, and, on account of its bland flavor, is actually preferred by many. It lacks, of course, the distinctive olive flavor which is desirable. Italians indeed, are frequently not satisfied with the flavor of the highest-grade virgin olive oil, but prefer the pouring of oil from being judged on its own merits. ## BETHEL.

add middle intervals thoughts  
We have just received an interesting letter from our sister, Mrs. J. P. Coffin, after her return from her visit in Maine to Denver, Colorado. She says: "Nov. 3 is an excellent day here, the women are all voting, have been voting here for twenty years."

"I will tell you of my trip back to Denver. I took the 11 a. m. train at Exeter, N. H. It is an hour and a half ride to Boston. Crossed from north to south station, there took the 2 p. m. to Chicago without changes."

"The scenery from Boston to Albany is most beautiful—looks very much like what we have in Maine—but in October the afternoons are short and all too soon darkness came and shut it out."

"We reached Albany at 8.30 p. m. The porter made up the births and we went to bed, at least I did, am fortunate in that I can sleep when tired no matter how unfavorable the conditions, and I slept the night through, even the noise of the rushing of the train sounded like music I was so tired."

"At 4 a. m. I heard someone say we were in Buffalo, soon we were rushing on toward Chicago and as it was light enough I was soon dressed for I was determined not to lose any of the beauties of the landscape. My pass took me over the Lake Shore & Southern Michigan, so got a partial view of the Great Lakes. It is a twelve hours' ride from Buffalo to Chicago."

"We reached the latter place at 5 p. m., and there we had four hours' wait. It is two nights from Chicago to Denver. My train, a pullman, left Chicago at 9 p. m. Next morning we were in Iowa. The scenery all through Kansas and Nebraska seemed most lovely. We made a few minutes stop in Omaha and Lincoln, and got quite a look at those cities. Think we crossed the Missouri river just before going into Nebraska, then after what seemed endless riding, darkness came again and the last night in the berth."

"Next morning we were all astir early for we were in Colorado and the train was due in Denver at 7.30 a. m. For what seemed a long time I watched the open prairie. Then after a time the Rocky Mountains came in view and I knew that we were nearing Denver. Soon the train came to a stop and I saw the 'arch' and Frank, my son, hurrying along."

**Haskell-Holt.**  
Wedding bells were again heard in Bethel on Elm street Sunday afternoon at the home of Mr. and Mrs. Albion Holt when their daughter Vera was united in marriage to Charles Haskell of South Portland, the Rev. W. C. Curtis officiating.

The double ring service was used. Only a few intimate friends and one sister of the groom, Mrs. Harriet King of South Portland were present.

After the service, refreshments were served. Mrs. Haskell is a graduate of Gould Academy and has many friends in Bethel who wish her much happiness.

Mr. Haskell is a business man of South Portland where they will reside, and they went immediately to their home.

**Young-Thurston.**  
Ralph H. Young and Irma F. Thurston were united in marriage Saturday afternoon, Oct. 31st by Rev. J. H. Little using the ring service. Harold Chandler served as best man, and Mona Martyn as bridesmaid.

Mr. Young is the son of W. H. Young of Bethel, and a graduate of Gould's Academy.

The bride is the daughter of Howard F. Thurston, and a graduate of Hebron Academy. She is a young lady of excellent musical talent, and will be greatly missed by a large circle of friends, and Mr. Young will be remembered with pleasure by those who have shared with him the boyhood sports of his hometown. The bride's travelling suit was blue with hat to match.

After a short wedding journey, they will reside in Norway where Mr. Young has employment.

The good wishes of many Bethel friends go with them.

Mr. and Mrs. Arthur Wiley and daughter Olive and Miss Hazel and Frank Wright of Bar Mills have visited at Mr. and Mrs. P. L. Edwards'.

Mrs. Martha Bartlett has moved from her farm in Hanover to her home on Mechanic street for the winter.

James Gupill of Hastings shot a 400 pound bear.

**The Town of Harrison.**  
The town of Harrison was so named from Hon. Harrison Gray Otis, and was formed from the towns of Bridgton and Otisfield, and was incorporated by act of the Legislature of Massachusetts, March 2, 1805. The part taken from the town of Otisfield was surveyed by George Pierce, Esq., and lay between the town line road, extending northwest and south-east, and Crooked river. The part lying between the old line of division and Long pond, containing about 8,500 acres, formerly constituted the "Crooked division of Bridgton." This was surveyed by Benj. Kimball, Jr., in 1793, who laid out 90 lots of about 90 acres each.

The original bounds of Harrison, as given in the act of incorporation, comprised that territory south of a line 15 degrees north, passing through Island pond, and included between Crooked river and Long pond. To form the town of Naples eleven tiers of lots were taken from the southern end, lying between Crooked river and Long pond.

The first town election was held at the house of Nathaniel Harrison, near the place where the first town house was built in 1806 or 1807. At this time there were 49 male residents in town, 41 of whom cast ballots at the fall elections. A second town house was erected near the first, in 1825. The third was built in the village, in 1871, at an expense of \$2,200.

**WEST LOVELL.**  
W. S. Fox spent the past week here and Mrs. Fox came over, Friday, returning Monday morning. Sunday night he was taken ill and lost his speech, not recovering it before leaving for his home in Fryeburg.

School closed Friday after a session of ten weeks taught by Bertha Leavitt, and fair was held by teacher and scholars and a supper was served. The proceeds were over sixteen dollars, which will be used for maps and other needs of the school room.

M. A. LeBaron and Kate Williams attended Pomona at Sebago last Thursday and Z. McAllister and wife attended Pomona at Harrison, Tuesday.

MOTHERHOOD is not a time for experiment, but for proven qualities, and nothing exceeds the value of good cheer, rest, exercise and SCOTT'S EMULSION.

SCOTT'S EMULSION charges the blood with life-sustaining richness, suppresses nervous conditions, aids the quality and quantity of milk and insures sufficient fat.

Its COD LIVER OIL feeds the very life cells. Its LIME and SODA help avoid rickets and make teaching easy. 14-48. Avoid Substitutes. No Alcohol.

**"Always Does Good"**

The established custom among New England folks is to always have

## ASTHMA AND HAY FEVER A GUARANTEED TREATMENT

"I have arranged with Chas. H. Howard Co. so that every sufferer from Asthma, Hay Fever, Bronchial Asthma, South Paris, Me., can try my treatment entirely at my own risk." Dr. Rudolph Schiffmann announces. He says: "Buy a 50-cent package of my Asthmador or Asthmador Cigarettes, try it, and if it does not afford you immediate relief, or if you do not find it the best remedy you have ever used, take it back to Chas. H. Howard Co., and they will return your money, cheerfully and without any question whatever. After seeing the grateful relief it has afforded in hundreds of cases, which had been considered incurable, and which had been given up in despair, I know what it will do. I am so sure that it will do the same with others that I am not afraid to guarantee it will relieve instantaneously. The druggists handling Asthmador will return your money if you say so. You are to be the sole judge and under this positive guarantee, absolutely no risk is run in buying Asthmador."

Persons living elsewhere will be supplied under the same guarantee by their local druggist or direct by Dr. R. Schiffmann, St. Paul, Minn. Adv. 38-45

## Suffered Twenty-One Years-- Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally found relief in Dr. Kilmer's Swamp Root. Injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle, and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,

MRS. JOSEPH CONSTANCE, Rapides Par.

Personally appeared before me, this 15th day of July, 1914, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.

WM. MORROW, Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will do For You. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Norway Weekly Oxford Co. Advertiser. Regular fifty-cent and one-dollar size bottles for sale at all druggists.

## Recollections of Early Settlers of Greenwood

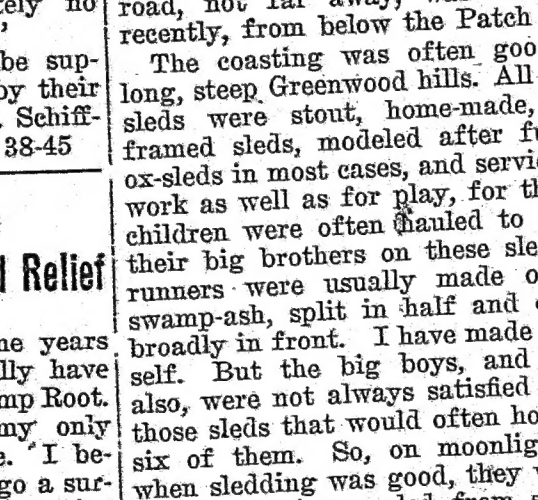

By PROF. A. E. VERRILL of Yale University.

My First School, Dolings of Big Boys. About a quarter of a mile farther south, is a cross-road, running eastward, on which, near the corner was situated the old schoolhouse when I was a small boy. The house now on the corner was formerly occupied by R. Hayes. At or near the end of this cross-road was a farm house occupied formerly, 1856, by Willard Herrick, and later, about 1876, by Ralph Herrick. Near this was the abrupt valley called "The Gully". When I attended school, one winter, in this old school, there were a number of "big boys," as they were called. Some of them were eighteen to twenty years old. They were full grown, husky fellows, full of fun and mischief. This was the case in most of the rural schools of this region, in winter, for there was not very much work for such boys to do at home, on the farms, at that season, and although many went away to work elsewhere, some were always left at home. They were often heard to control in some schools. The big boys in our school, among other things, used to roll up immense balls of damp snow and make two large opposed "forts," out of them. These were often higher than their heads and perhaps 15 to 20 feet long. At night they would throw water over them, so that it would freeze and make the whole very solid. They divided into two "armies," equal in numbers, by lot. Each side accumulated hundreds of snowballs, made harder by dipping in water and freezing. Then some day, when all were ready, usually at the noon recess, for each one carried his lunch, a grand battle would begin, with charges and counter-charges, assault upon assault, with hard snow and cheering, and many bruised faces and black eyes. Each side tried to demolish the fort of the other, sometimes using rails and stakes borrowed from the nearest fences. Once, I remember, one of the big boys was either badly hurt or pretended to be, the boys thought, and fell down, refusing to get up. The boys thought him mad or sulky and decided to bury him in the snow, which they quickly did in the snow, which they quickly did, digging a regular grave in the deep snow, and covering him up with light snow. Just then the bell rang and all went in at once and left him in his grave. He was soon missed and asked for by his teacher. When he was told with all the boys and they opened up the grave without ceremony. The boy was carried into the schoolroom insensible and nearly suffocated. It took some time to revive him. Then he had to be taken home.

Sheriff W. O. Frothingham went to Boston, Tuesday on the Precece murder case. He found Precece was known in Boston and a year or so ago was employed as night watchman and head bell boy at the Crawford House, and that he often did little detective stunts on his own account. At one time he acted as a special officer at the door of a Boston moving picture house. A sister, Mrs. Clara Brincomb, of Taunton telephoned that if the body was forwarded to her she would see that it was given proper burial. Mrs. Annie Frye of Paris Hill, whom Precece was returning to marry on Thanksgiving day, obtained a divorce nearly four years ago. Her former husband, James E. Frye, lives at Beebe Junction, Que., where he is engaged in the plumbing business. Their two children are with the mother.

Mrs. Olive Locke will return after a few weeks with relatives.  
Mrs. F. A. Taylor entertained the Philathetes Tuesday afternoon. The officers chosen were: President, Mrs. F. A. Taylor; vice president, Mrs. Lester A. Taylor; treasurer, Mrs. George Tirrell; secretary, Mrs. Luther Hollis.  
Howard Wheeler of Manchester, N. H. has been visiting his parents, Mr. and Mrs. W. J. Wheeler.  
Gilbert Small of Sumner was a weekend guest at F. A. Parlin's.

Mrs. Agnes Morton went to Boston first of the week for a visit. She will also visit in Portland.

The Epworth League of Deering Memorial church will hold a meeting at the vestry Friday evening.

A meeting of Good Cheer Society was held at Grace Thayer's store Wednesday afternoon.

The Western Maine Poultry Show will be held here this year. It will take place the last of December. Definite time will be announced later.

Alfred E. Morse assisted in the entertainment of the Oxford-County Pomona Grange as reader in Harrison.

Mr. and Mrs. Malcolm Briggs, who have been living with Mrs. Briggs' parents, Mr. and Mrs. Dan Mills in Norway, have moved to South Paris.

At the Ladies' Mission Circle of the Baptist church, which met with Mrs. Sarah Stewards, Tuesday afternoon, Mrs. Charles E. Tolman was elected president to fill the vacancy caused by Mrs. Nettie Morse who resigned on account of ill health. After the business meeting, interesting papers were read on Africa, the topic of the meeting.

A merry little band of women boarded the train at New Gloucester, Thursday morning. It was the Happy Thought Circle, on their way to South Paris, where they were entertained by Mrs. L. H. Churchill. Soon after their arrival a business meeting was called, and views of South Paris were sent to absent members. At noon a dainty lunch of sandwiches, fancy cakes, pies, ice cream, fruit, tea and cocoa was served.

The afternoon was passed in social enjoyment and at 4.30 they boarded the train, home ward bound, declaring it the best time ever.

At the meeting of the Seneca club held at the home of Mrs. Stanley, Mrs. Agnes Morton's latest song "When Night Comes On" was sung by Mrs. L. H. Smiley by request. Mrs. Morton's first composition, "We're Growing Old Together, You and I," was sung by request by Mrs. H. E. Wilson at the entertainment at the Universalist church Tuesday evening. A response, "He Noises a Sparrow's Fall," dedicated to Rev. C. G. Miller, the words and music of which were composed by Mrs. Morton, was sung by the choir at the Universalist church last Sunday.

Mr. and Mrs. Will Parlin are visiting at Frank Ryerson's in Welchville. They will also go to Auburn before returning home, to visit at Thomas Slattery's.

During the recent thunder shower, the lightning splintered eleven poles of the telephone line between the village and Paris Hill, some of the line wires burned off and about 30 wires in the cables short-circuited.

Mrs. Viola Child of Peru and Mrs. Lydia Swift and grandson, Elmer Bailey, of Auburn, have been visiting relatives in town for a few days.

Mrs. Sewell Rowe, Mattie Richards and A. E. Morse attended Pomona Grange at Harrison.

B. F. Cummings carried them in his auto.

Nellie Jackson will give a piano recital assisted by her pupils, in the evening, at the home of Mrs. J. P. Wood, at 8 o'clock at Grange Hall. Proceeds for the benefit of Grange Hall.

Mrs. A. R. Bucknam of Lewiston has been a guest at J. A. Kenney's for a few days.

Mrs. Fred W. Bonney is visiting her parents, Mr. and Mrs. Lot E. Keene, in Buckfield.

Ernest L. Kenney of this town has been drawn on the traverse jury of the United States Court, December term, which opens at Portland Dec. 9.

Mrs. Ella S. Heald of East Sumner has been a guest of her sister, Mrs. Albert P. Park, during the past week. Mrs. Amy Russell and children have also been recent guests there.

Forty-one members of Mt. Pleasant Rebekah Lodge were registered as visitors of Woodland Lodge of Harrison last Thursday night, and eight or ten automobiles were required for the trip. The visitors were given an entertainment by local talent, which included a mock graduation and other interesting features, and an elegant supper was served.

The sewer has been extended from Pleasant street at the junction of Skilling's avenue, through a part of Skilling's avenue, across to Western avenue, and on the avenue south to the court house and north to the houses of the Dean brothers. Nine catch basins and three manholes have been put in on Western avenue. Buildings connected with the sewer are the houses of Mrs. Sarah Clark and Mrs. O. T. Buck on Skilling's avenue, the court house and the houses of Mrs. E. T. Record, Horace L. Swan, George A. Briggs, George F. Farnum, S. C. Ordway, E. B. Dean on Western avenue, E. N. Anderson and Albert Ames on Hill side avenue. Other sewer work done has included two catch basins on Maple street and one on Gothic street, and the connecting of the Stone house, corner of Gothic street, occupied by J. A. Scott.

Mrs. P. M. Maxin has been a recent guest of Mr. and Mrs. Everett Merrill of Perkins Bridge, Auburn. He was accompanied by his daughter, Mrs. Laura Holman. Although 87 years old Mr. Maxin is enjoying excellent health.

The annual report of the Grand Trunk Railway shows an increase in Maine business.

Number Twelve  
Recollections of Early  
Settlers of Greenwood

By PROF. A. E. VERRILL of Yale University.  
Thos. W. Furlong; Pioneer; His Farm.  
Thomas W. Furlong was said to have been one of the first two settlers of Greenwood, in 1802, the other being Rev. Wm. Yates. He was born in 1774, and died in Greenwood, November, 1861, aged 87½ years. He came first to Norway, where he occupied 100 acres of land, "except from taxation," in 1796. He located his farm in Greenwood soon afterwards, and probably moved his family there in 1802, or earlier. Some farm east of the present road, on the abrupt brow of Furlong Mountain, on the farm where Joseph Flagg Lovering afterwards lived, near the termination of the old county road in Norway.

Thos. W. Furlong, or "Uncle Tom," as he was commonly called, was a very strong and energetic man, a hard worker. He is said to have been able to cut the forest trees on an acre of wood-land in one day, by making a "drive" of them.

Elizabeth Furlong was named on the tombstone as the wife of Thomas. She died in June, 1861, aged 100 years and five months, according to the old stone, in the old cemetery nearby. One is disposed to doubt the date of her birth, 1761, because if so, it seems that some of her children would have been born after she was 50 to 55 years old. Possibly an error of dating occurred. But some other cases of children born to mothers of 50 to 60 years, or more, are said to have occurred in Greenwood. Some of the mothers were more or less like the patriarchs of old times, in this respect, according to the records.

A notable instance of this kind is said to have occurred in one of the Crocker families, when the oldest son was thirty years old, at the time of the birth of the youngest child, when the mother was over sixty years old.

Thomas W. Furlong subsequently lived on the farm later owned by his son, I. P. Furlong, south of Patch Mountain. Later he lived near Greenwood City, on the farm afterwards occupied by Simon Furlong, his son. Still later, about 1848 to 1861, he lived at the northern base of Patch Mountain, in the valley, near the Sanborn Brook, on the farm occupied about 1855 to 1860, by George W. Furlong, mentioned later. He died there, while still alive, in 1861.

The children of Simon W. Furlong, known to me as Simon, Mary, called Mary, who married a Decker; Hannah, married Griffin Tull of Greenwood; Benjamin, Uriah and Matt lived in Portland; Isaac P., already mentioned, born about 1801. They are not named here according to their ages.

He bought his first farm from the trustees of Phillips Academy, whose land grant was selected and surveyed in 1800. He was among the earliest purchasers, and gave his promissory notes in payment.

He may have selected and occupied his land earlier, "squatted" upon it while it was public land, as he and many others had done in Norway. He probably located where he did on account of the lay-out of the first county road, which originally terminated just south of his farm, on the Greenfield line.

First County Road in Norway.  
This early county road, laid out in 1796, and ordered by the County Court, was made to start on the Greenwood line south of and near the site of this old house, and it then ran "south west" to the east, three and one-half miles and fifty rods, on the line between lots, "down the central part of Norway, over the Cox Hill, in a straight line, for those original lots were rectangular, in regular rows. Most of this straight part of the road remains, with minor changes, but the part near the Greenfield line now bends to the west, through the lower gap in the mountain, past the I. P. Furlong farm. On an old map, made in 1813-1818, it is represented as it was laid out, straight to the Greenfield line, between the original lots. The lay-out is given in Lapham's History of Norway, page 634.

The lots between which it ran in Norway were those then partly occupied by the earliest settlers of Norway, among them—Zachariah Perry, Jonathan Cummings, Nathan Foster, Perry, Fuller, Silas Merriam, etc. The point from which this county road was to start on the Greenfield line was not stated in the lay-out, nor has the exact location of all the lots been given in the History of Norway, nor has it been given as far as I know. However, the road just mentioned does run mostly in nearly the direction designated, for the required distance, as a remarkably straight road, in the early region, even to this day. It also passed between the lots close to the original homes of the old settlers mentioned in the "lay-out" so that there can be no doubt that this was the original county road of 1796.

If this straight road, now slightly altered in some places, be prolonged, as shown on the map of 1813-1818, northward to the Greenfield line, it will strike the Furlong or Patch Mountain, somewhat east of the present road, and at a place where the hill is much steeper and higher. Some of this part of the old road, abandoned many years ago, can be seen before my boyhood, are still visible, and near it the foundations of an ancient house, said to have been the first one built by Thomas W. Furlong, who had probably located his house and farm there, as early as 1790 or 1800, in consequence of the lay-out of the road and the Phillips Academy grant, from which he bought the farm. There seems to have been no reason whatever for beginning the county road there, except to have it "pass between the lots" in Norway, for a much better location was made later, by cutting the road a little westward, through the lower mountain gap, past the I. P. Furlong farm. This county road, though laid out in 1796, was probably several years in the process of construction, for traces and in 1802 by Wm. Yates on Patch Mountain. This is very doubtful, partly because what is meant by "a settler" is uncertain. It seems that many intended settlers were in the habit of taking their farms, partly clearing them, building a "house" often a temporary log-cabin or camp, and planting crops, while actually residing, in winter, in a more settled town, like Norway, farther south. If married, the wife and family may not have gone permanently to the new farm for two or three years, or even more.

Usually there is no record of these matters, and even the early records of deeds were lost by fire. The original map of the Phillips Academy grant is also lost. Uriah Hall remained agent of the trustees until 1848.

My grandfather Verrill, according to family traditions, did this very thing, while a young man, probably accompanied by his father. He partly cleared and planted his Greenwood farm and built his house there, while his family remained in Minot, at first. Perhaps his young wife also went north with him, in summer, but returned in winter to better land, "except from taxation," in 1796. He located his farm in Greenwood soon afterwards, and probably moved his family there in 1802, or earlier. Some farm east of the present road, on the abrupt brow of Furlong Mountain, on the farm where Joseph Flagg Lovering afterwards lived, near the termination of the old county road in Norway.

Thos. W. Furlong, or "Uncle Tom," as he was commonly called, was a very strong and energetic man, a hard worker. He is said to have been able to cut the forest trees on an acre of wood-land in one day, by making a "drive" of them.

Elizabeth Furlong was named on the tombstone as the wife of Thomas. She died in June, 1861, aged 100 years and five months, according to the old stone, in the old cemetery nearby. One is disposed to doubt the date of her birth, 1761, because if so, it seems that some of her children would have been born after she was 50 to 55 years old. Possibly an error of dating occurred. But some other cases of children born to mothers of 50 to 60 years, or more, are said to have occurred in Greenwood. Some of the mothers were more or less like the patriarchs of old times, in this respect, according to the records.

A notable instance of this kind is said to have occurred in one of the Crocker families, when the oldest son was thirty years old, at the time of the birth of the youngest child, when the mother was over sixty years old.

Thomas W. Furlong subsequently lived on the farm later owned by his son, I. P. Furlong, south of Patch Mountain. Later he lived near Greenwood City, on the farm afterwards occupied by Simon Furlong, his son. Still later, about 1848 to 1861, he lived at the northern base of Patch Mountain, in the valley, near the Sanborn Brook, on the farm occupied about 1855 to 1860, by George W. Furlong, mentioned later. He died there, while still alive, in 1861.

The children of Simon W. Furlong, known to me as Simon, Mary, called Mary, who married a Decker; Hannah, married Griffin Tull of Greenwood; Benjamin, Uriah and Matt lived in Portland; Isaac P., already mentioned, born about 1801. They are not named here according to their ages.

He bought his first farm from the trustees of Phillips Academy, whose land grant was selected and surveyed in 1800. He was among the earliest purchasers, and gave his promissory notes in payment.

He may have selected and occupied his land earlier, "squatted" upon it while it was public land, as he and many others had done in Norway. He probably located where he did on account of the lay-out of the first county road, which originally terminated just south of his farm, on the Greenfield line.

## Pruning Trees.

Matter of Importance and Interest  
To Orchardists.

A cavity in a decayed tree is something like a cavity in a decayed tooth. If an unreliable tree surgeon who has been called in to save the tree only partly removes the diseased parts of the wood, uses no antiseptic coatings in the cavity and fills it up with cement the tree is no more cured than is a person whose decayed tooth has not been properly filled by a dentist. The only difference is that after the tree cavity has been covered, if the work has not been properly done, the trees has no way of making its trouble known except by further decay.

Within the last decade there has been a great increase in demand for surgeons to repair decaying shade trees, but the possibilities of practicing fraud in the profession like the instance just cited have tempted so many unreliable people to dabble in the science that tree surgery has fallen somewhat into disrepute. The United States Department of Agriculture realize that commercial tree surgery should occupy a high place in the estimation of the public, and has recently issued a pamphlet entitled "Practical Tree Surgery," wherein suggestions are made for improvement along these lines.

All professions, there are reliable and unreliable men and firms competing for contracts in tree surgery. In recent years so many occasions have arisen when property owners felt the necessity of calling in commercial tree surgeons to attend to their trees that there are now numerous firms, both honest and dishonest, engaged in the work. Usually tree surgery is practiced in connection with some nearby line, but often it is taken up as a business of itself. When a blight such as the chestnut bark disease, infects the trees of a district, the community, or individuals in it, will require considerable money to control ravages which rob the whole district of its trees.

An affection like the chestnut bark disease is contagious. It requires scientific knowledge of the disease to know whether a diseased tree should be destroyed at once or is worth treating. It requires scientific training to understand the manner of growth of the fungi causing the disease and what treatment is best.

Many individuals who have had faith in tree surgery have lost it through following the advice of unreliable tree surgeons, who claimed to be able to diagnose a case, but whose main interest was to collect a good sum of money for their work.

Besides the careless filling of decayed cavities in trees, there are other practices of certain so-called "tree surgeons" that do more harm than good. Many of these "surgeons" as well as the people who employ them, do not realize the danger arising from injuries to a tree. The tree owner should realize that prompt attendance to fresh injuries will largely do away with the need of tree surgery 15 or 20 years hence. The tree surgeon must realize that if they make fresh injuries in the living bark, when treating decayed portions, they are laying the tree open to more dangers of infection that will result in further decay.

Just as a person is subject to infection through cuts and scratches, trees are rendered subject to infection by leaving living bark torn. Notwithstanding this many tree surgeons use pruning hooks and spurs and cut fresh gashes in the tree. To break off small dead branches a workman may use a long pruning hook as though it were a club. In doing so the hook usually causes injury to the living bark near by. Every new wound must furnish a new point of entrance for decay, even though the old dead branch may have been removed.

The use of the climbing spurs should be particularly avoided on trees in vicinities where there is contagion. They simply render the treated tree all the more liable to catch the disease which is "in the air."

All properly equipped firms of commercial surgeons should have ladders that would reach 40 feet into a tree. Ladders, ropes, and rubber-soled shoes will allow a

## Basket Ball.

The basket ball season of 1913-14 will long be remembered by the "fans" of Norway. It brought the State Championship for "Prep" schools at Norway, but Manager K. K. Kline has promised to repeat this season, which opens November 20th, and runs through to March 19, 1915, showing to the basket ball followers the best team in the State. Norway High will be represented by some old and some new men. Sanderson, the Bridgton Academy star of last year, and Smith, another Bridgton Academy player, have joined the Norway High School aggregation, which is being coached by Farnum, a graduate of Gould's Academy in the class of 1913. Kline, the same old Jake as of old will be in the game, this being his last year at school. Captain Haskell, Bethel, Shepard and Andrews need no introduction as their playing ability is well known.

Among the fast teams coming here are the Abbot school of Farmington, Portland H. S. Westbrook Seminary, South Portland H. S., and a glance at the schedule below will convince one that Norway will see one of the biggest seasons ever known:

Nov. 19. (Open).  
Nov. 26. N. H. S. at Rumford High.  
Dec. 4. N. H. S. at Bethel.  
Dec. 11. Lewiston Pyramid's at Norway.

Dec. 18. Gardiner High at Norway. (Pending).  
Dec. 25. Paris Alumni at Norway. (Pending).

Jan. 1. Portland Independence at Norway.  
Jan. 8. Gould's Academy at Norway.  
Jan. 15. South Portland at Norway.  
Jan. 22. Westbrook High at Norway.  
Jan. 29. Berlin High at Norway. (Pending).

Feb. 5. Abbot School at Norway.  
Feb. 12. Westbrook Seminary at Norway.  
Feb. 19. Bridgton Academy at Norway. (Pending).

The Rex theatre is a popular place for entertainment. A pleasant greeting was given Mr. Perkins on his "first night."

The more regular "movie crowd" gathered at the corner of Main and Cottage streets and at the second performance headed by music marched into the theatre and filled it to overflowing.

To say that the new proprietor (who is no stranger here) was surprised and pleased expresses just what he was.

Corn day—A day devoted to the consideration of the corn industry of Oxford County, will be observed at Norway Grange Hall, Saturday, Nov. 21st, 10 a. m. and 1:30 p. m. Premiums for best corn offered by Norway National Bank will be awarded by experts in judging corn.

Prof. Geo. E. Simmons of the Agricultural College, Orono, and C. R. Leland of the Maine Department of Agriculture, Augusta, will speak upon topics connected with corn raising. The economic value of better seed has never been sufficiently studied by Maine farmers.

Mt. Hope Rebekah lodge gave a chafing dish party after the regular meeting Friday evening.

## A Message To Women

## Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

## From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak."

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. I may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

## Was A Blessing To This Woman.

So. RICHMOND, VA.—"I was troubled with a bearing down pain and a female weakness and could not stand long on my feet. Of all the medicines I took nothing helped me like Lydia E. Pinkham's Vegetable Compound. I am now regular and am getting along fine. I cannot praise the Compound too much. It has been a blessing to me and I hope it will be to other women."—Mrs. D. TYLER, 23 West Clopton St., South Richmond, Va.

## Pains in Side, Could Hardly Stand.

LODI, Wis.—"I was in a bad condition, suffering from a female trouble, and I had such pains in my sides I could hardly move. Before I had taken the whole of one bottle of Lydia E. Pinkham's Vegetable Compound I felt better, and now I am well and can do a good day's work. I tell everybody what your medicine has done for me."—Mrs. JOHN THOMPSON, Lodi, Wisconsin.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

## Nature's Own Wrapping Keeps Tobacco Best

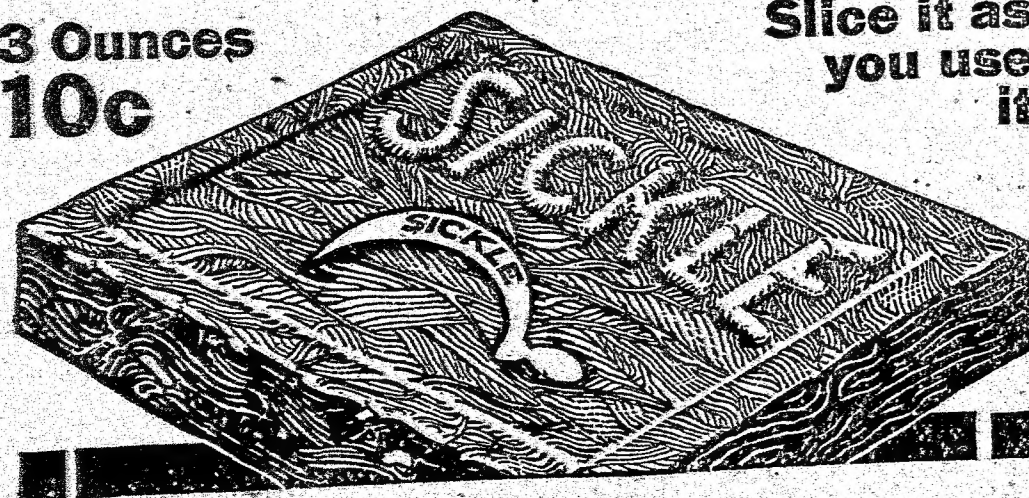

No artificial package—tin, bag, or tin-foil and paper—can keep tobacco as well as the natural leaf wrapper that holds all the original flavor and moisture in the Sickle plug. When you whittle off a pipeful, you always get fresh tobacco, that burns slowly, and smokes cool and sweet.

Chopped-up, "package" tobacco loses much of its moisture before it goes into the package, and keeps getting drier all the time. And the drier it gets, the faster it burns in your pipe, and the more it bites your tongue. Only fresh tobacco gives real pipe-satisfaction—and only tobacco you cut off the Sickle plug as you use it, can be fresh.

Economical, too—no waste—no package to pay for—more tobacco. Get a Sickle plug from your dealer today.

### WEST SUMMER.

Murdered and Robbed. The body of a man supposed to be Thomas E. Pries of Easton, Aroostook county, was found lying beside the road about a mile west of West Summer, near the farm of John Lane, Sunday morning. Discovery of the body was made about eight o'clock Sunday morning, by Mr. and Mrs. Fred Cushman who were driving to Summer. It lay about ten feet from the wheel track in the road, and the snow and leaves nearby were not disturbed, it is believed that the man was shot and carried to the spot where the body was.

The body was still warm when found. The bullet which caused death penetrated to the heart. Its force was spent and it was found beneath the vest. It corresponded with bullets found in the dead man's pockets, and later in the wagon in which he was riding. The weapon used was held so close that the cloth was burned.

Deputy Sheriff C. S. Childs of Buckfield was notified of the finding of the body about half a mile below the John Lane place, so called, now owned by Clinton and Grover Keene.

He notified Sheriff Frothingham, and the latter went to the scene immediately, as did Coroner Harry Eliot, County Attorney Albert Beliveau and Deputy Sheriff Arthur Besse, all of Rumford.

They were not at loss for a motive, as there was no money in the man's clothing and one pocket was turned wrong side out. His watch, which had been stopped at 10:20 o'clock, was not molested.

The dead man's description is as follows: Height, 5 feet, 8 inches; weight, 150 pounds; age, 45; blue eyes; smooth face, light hair. Wore dark mixed suit, gray overcoat, cloth cap and high black shoes.

Papers in his pocket led the authorities to believe that it was Pries. One of them was a letter to a man by that name from a Mrs. Abbie Foster of Paris Hill, stating that she was glad he was coming to board at her home again, and another a contract with a Presque Isle farmer indicating that Pries had worked for him when the potato crop was harvested.

The county officials, convinced that the man was murdered, began a search for two men, one of whom was believed to have been the victim, who called twice at a house within half a mile of the place where the body was found and asked to be directed to Paris Hill.

An unknown man called at the Hotel Andrews, South Paris, early in the morning and put up his team. It is believed that he took the train for Portland which passes through that place at 5:45 o'clock a. m.

Coroner Eliot impaneled a jury which includes O. G. Chandler, J. D. Gerrish, Horace Farrar, Charles Starbird, Charles O. Barrows and Guy Heath, all of Summer. The jury organized with Mr. Chandler as foreman, and viewed the body. They adjourned to November 14, when the inquest will be held.

The body was carried to South Paris and an autopsy performed in the evening at the Thayer undertaking parlors by H. L. Bartlett, medical examiner for Oxford County, the result of which will be made public at the inquest next Saturday.

Pries was very well known in Paris Hill village and had spent some time there, coming there the first of June, and remaining until the first of August. He boarded at the home of Mrs. Abbie Rawson, and was engaged to marry Mrs. Rawson's daughter, Mrs. Anna Frye. The wedding was to have taken place within a few days and it was for this happy event, that Pries was returning to Paris Hill at this time.

They were expecting him Saturday night, and when it became 12 o'clock and he had not come, they left a lighted lantern for him in the barn. The horse was the Rawson's horse Pries was driving and was the one the assailant left at South Paris. Pries had been to Presque Isle with Louis Rawson to work. Rawson is supposed to be in Presque Isle. Pries was about 35 years old.

His father, Charles Pries, lives in Boston. The family came from England where Pries was born. He has seven brothers and sisters, some of them still living in England and the others in Boston. One of Pries' sisters married Judge Hall of Boston. The family came to this country when Pries was nine years old.

Pries had told the Rawsons he was a detective.

## Value of Hyomei

It's the Safe Catarrh Remedy. Nothing Better for Head Colds or Bronchitis.

Do not endanger your health by taking strong drugs into the stomach in the hope of curing catarrh, coughs, asthma and head colds. At the best they usually do little more than upset the digestive organs.

Use Hyomei, which is nature's own remedy for all such diseases. It is a combination of healing oils, gums and balsams, which, when breathed through the Hyomei inhaler, saturates the air you breathe with its curative and health-giving medication—it clears stuffed up head like magic. Hyomei quickly goes to all the sore and inflamed tissues lining the nose, throat and bronchial tubes. Its antiseptic healing begins at once, dull headaches, distressing choking, constant snuffing, and unclean discharges of the nose surely cease.

Hyomei is not only the most pleasant, but the most natural treatment, and very inexpensive. All druggists have it. Be sure to get the complete outfit that contains inhaler and bottle of Liquid. Noyes Drug Store will sell you Hyomei on the "No-cure-no-pay" plan. Surely try it today—you have nothing to lose on this generous offer.

### PHILAIRE

TRUTH IS ALWAYS THE BEST ARGUMENT. THE TRUTH DOESN'T DARE FACE IT. Ask your neighbor why PHILAIRE is his ideal remedy for catarrh, colds, etc. At your store, 25 cents, or the PHILAIRE CHEM. CO., Wells, Maine. 35-52-14

## Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruise or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—it acts at once, instantly relieving the pain, however severe it may be.

### Here's Proof

Charles Johnson, P. O. Box 105, Lawton Station, N. Y., writes: "I sprained my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months, then I started to use some of your Liniment, according to your directions, and I must say that it is helping me wonderfully. I threw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one cane. I never will be without Sloan's Liniment."

Mr. and Mrs. S. H. McAllister of No. 4, Lovell, were at Edgar McAllister's, Monday night and attended the Rebekah lodge meeting.  
Mrs. Clifford McAllister and Bessie Skinner called at Arthur Andrews recently.

### OTISFIELD.

**Farrar-Spiller.**  
On Saturday evening, Oct. 31st, at the home of Mrs. Sylvia Andrews occurred a very pretty and quiet wedding, when Monroe Farrar and S. Edna Spiller were united in the bonds of holy matrimony by the Rev. W. W. Laite, in the presence of the immediate family.  
The double ring service was used. The bride was very pretty dressed in white silk, cape de chine with overalls of shadow lace and the groom wore the usual black.  
The room was tastefully arranged and the bride and groom stood under an arch of evergreen and holly berries.  
Mrs. Farrar is a native of Paris but for some time has been in Waterville, where he has a position with the railroad.  
Miss Spiller has always lived in Otisfield and will be greatly missed by her many friends. They will be at home at 20 Nash street, Waterville, after Nov. 7.

Benjamin Leighton shot a rabbit last week.

Howard Randall has sold two Durham calves to Reuben Gilkey.  
Leon Libby of Ides Falls has swapped horses with Norman Edson.  
Villa Fogg is visiting her sister, Mrs. Llewellyn Bateholder, of East Hollister.  
Flores Reid visited her friend, Hazel Littlehale, Sunday.  
Ida Hilton, who is teaching the school at South Harrison, spent Saturday and Sunday at her home in North Bridport.  
A baked bean supper and sociable were held at the Methodist chapel, Nov. 7th. It was numerous attended and a good time enjoyed by all. The proceeds are to be used to paint the chapel. There is to be another one Dec. 4th. The supper committee were Mrs. A. C. Buck and Mrs. Geo. Ayer.  
Howard Randall and two sons of Portland visited his father, Howard Randall, Saturday and Sunday.  
Lakdn Bros. have sold their oxen to Mr. Clements of Hiram.  
Jennie Little is working for Mrs. Jos. P. Ross.

David Greene of Cook's Mills spent Saturday and Sunday at Frank Trafton's.  
Mrs. Roy Johnson and daughter Ruth have been visiting her father, Myron Deering, of East Denmark.  
Mr. and Mrs. Warren Lewis and brother, Austin Lewis, are visiting their sister, Mrs. Edridge Sanborn.  
Dr. Sylvester carried Elmer Thomas to the Maine General Hospital in Portland, last Sunday to be operated upon for appendicitis. All hope for a speedy recovery.  
Leonard Barger, who was operated upon for appendicitis in September, is enjoying the best of health; also Roland Chute.  
Walter Flagg and family have moved to New Hampshire, where he has employment as manager of a large farm.

Carl Buck, who has been working in Norway for the past year, has returned home on account of ill health. He has had a very severe attack of lumbago.

### WEST SUMNER.

Wednesday, Sydney Brown and wife went to Reading, Mass., where they will spend the winter with his parents, Hor. and Mrs. Charles Brown, returning to summer early in the spring.  
Winslow Bisbee has sold one of his fine Jersey cows to Mr. Holmes of North Bridport.  
Charlie Ryerson and George Heath are packing apples in East Sumner.  
Mrs. Charles Hammond has returned from the Hebron Sanatorium and is boarding at the home of Dr. Staples, where she is receiving medical attendance.  
The fair and dance held by the East Sumner Grange in their hall, Tuesday evening was successful and the most successful social event of the season. Supper was served between the hours of six and eight and refreshments consisting of ice cream and cake at intermission. Music was furnished by Clinton Bisbee, violin; Ernest Hilton, piano; Luther Irish, trombone.  
Mr. and Mrs. Oscar Newell recently spent the day with their daughter, Mrs. Arthur Bonney.  
Mrs. James Tuell is entertaining her sister, Mrs. G. A. Chandler.  
Dot Head has been the recipient of an exceedingly pretty knit rug, presented to her by Mr. and Mrs. A. B. Wheeler. Sunday, Clinton Bisbee was guest of Ernest Stetson.  
R. L. Cummings of Woodstock was in town one day last week on business.  
Wednesday, John Putnam's goods were hauled to East Sumner for shipment by S. G. Barrett.  
In addition to an account of the murdered man, Thomas E. Preece, in this paper, it appears that the body had apparently been carried from the highway nearby, as the leaves and newly fallen snow bore no evidence of a struggle. Powder marks on the clothing showed that the weapon had been held close. His pockets contained shells similar to those which killed him. Shells of the same pattern were also in a carriage left at a South Paris hotel late Saturday evening by a man who registered as William Dunn of Jay, Me. The man who stopped at South Paris may be the divorced husband of the girl wife, Annie Frye, married at 14 and deserted at 16 with two children, whom Preece was returning to Paris to marry. Letters show that he wished his wife and family to return to him. The description of the man at South Paris tallies with that of Frye.

### WEST PARIS.

**National Prohibition.**  
National Prohibition was the subject of the meeting last Sunday evening under the auspices of the W. O. T. U. The first reading was by Mrs. E. D. Currier. A comparison of the states of Missouri and Kansas in the work of prohibition asked by Miss Lane and answers given by Mrs. Bates, and a third reading, A License for Horse Stealing, by Mrs. Ball.  
The remainder of the time was taken by Rev. L. W. Raymond, who gave a convincing argument and said that National Prohibition was surely coming.  
Appropriate music was given by a ladies' chorus with Mr. and Mrs. Howard McKee violin and organ accompanists. It was a rainy night which prevented many from coming, but there was a goodly number of young people present.

Mr. and Mrs. Albert Bowker have come home from Millsfield, N. H., and expect to stay here this winter.  
The schools gave an entertainment on Tuesday evening in Centennial Hall with the following program:  
Soprano duet, Vesper march—Miss Wall.

A kitchen shower was given to Mr. and Mrs. Welch last Friday afternoon at the corn shop. There were 32 ladies and several children who met and went in a body, each carrying a present. Mrs. Welch said that she had received a good many surprises but none so great as this. The large table contained nearly every kind of kitchen utensil including a broom and sadirons. The five women who had just finished labeling their, furnished corn hulls for a treat. There were also bananas, oranges and candy. All spent a very pleasant hour with these young people who are practically strangers and have come to dwell among us.

### HASTINGS.

James Guphill shot a bear last week which weighed about 400 pounds, also a nice deer.  
Maggie Griffin of Berlin is visiting her sister, Mrs. Wm. Kimball.  
Mrs. H. H. Lovell of West Bethel were recent guests of their sister, Mrs. Leland Mills. Mr. and Mrs. Ellison Brown of Mason also spent the day with Mrs. Mills.  
Mrs. M. R. Hastings and Ruth went to Lewiston on a visit, Saturday.  
Our lady hunters are Mrs. Robert Grant, Flora Edgerly, Mrs. J. H. Guphill and Mrs. Maud Hinkley of Auburn.  
Mrs. Tremains is under the care of a physician.  
Master Lawrence Jones has returned to his home in Waterville.  
George and Charles Huff of Portland have each got a deer and two foxes.  
Mr. and Mrs. Plummer and grand-daughter, Grace Sully, of Albany and Minnie McKee were Sunday guests of Mrs. Guphill.
